Note from the Director

Greetings and welcome to the January edition of the VA Office of Tribal Government Relations (OTGR) newsletter. We hope 2015 is off to a good start for our readers. The regional tribal government relations specialists are hitting the ground running, as usual. Over in the Northwest, Terry Bentley is meeting with tribal leaders and Veterans during the Affiliated Tribes of the Northwest Indians (ATNI) winter session. In the Southwest, Homana Pawiki began the year making site visits to Ft. Mojave and the Colorado River Indian Tribes. In the Eastern Region, Mary Culley made recent site visits with representatives from Catawba Nation, Eastern Band Cherokee and the Lumbee Tribe. Peter Vicaire is planning site visits moving into the spring. The purpose of these intergovernmental site visits is to facilitate meetings between VA and tribal officials, offering briefings on VA services and benefits and obtaining a better mutual understanding of what the needs, challenges and best practices are in place as tribes seek to meet the needs of Veterans across Indian Country; while also informing VA as to how to effectively and collaboratively work with tribal governments.

Here in Washington D.C. we’ve been busy crafting the report compilation of responses to the Choice Act Section 102 (c) Tribal Consultation. A report summary should be forthcoming by early March. Next week VA officials will be briefing the Veterans Committee during the United and Southeastern Tribes (USET) meeting which will be held in the DC area. We’ve also been busy meeting with the Department of Housing and Urban Development (HUD) as HUD initiated Tribal Consultation regarding implementation options for HUD VASH (Veterans Affairs Supportive Housing) in Indian Country. We are very excited about this program opening up to tribal government participation and look forward to seeing the positive impact it will have for Veterans struggling with homelessness.

In January, we also kicked off a series of regional calls with the Indian Health Service (IHS), Tribal Health Programs (THP) and our VA colleagues to encourage information sharing and technical assistance focused on implementation of the Reimbursement Agreements across Indian Country. To date, VA has reimbursed over $15 million for care provided to Veterans by IHS and THP sites and we anticipate that number will grow much higher in the days ahead. If you would like to ask questions or initiate discussions about establishing a Reimbursement Agreement with the VA, please email: tribal.agreements@va.gov and one of our VA colleagues should respond within the week.

The specialists will post the Veterans Training Summit location and dates information in the days ahead and updates will also be posted to the VA tribal government website at www.va.gov/tribalgovernment. The website is refreshed regularly so please check in often for updates or information. If you have suggestions for content or if there is something you would like to hear more about, please don’t hesitate to send your suggestions to us at the following address tribalgovernmentconsultation@va.gov. We look forward to visiting with you on the phone and during our upcoming travels.

Happy Reading – Stephanie
Dear Tribal Leader:

The Department of Housing and Urban Development (HUD) is seeking your input on the design of a demonstration program that will provide critical housing assistance and supportive services to Native American Veterans living on or near tribal lands.

Over the last seven years, HUD and the Department of Veterans Affairs (VA) have jointly administered the HUD-Veterans Affairs Supportive Housing (HUD-VASH) program. The program combines Housing Choice Voucher rental assistance with VA case management and clinical services, home for Veterans experiencing homelessness. VA services are provided at VA medical centers, VA community-based outreach clinics, VA community partner agencies, and in the Veteran’s home. HUD-VASH, along with other VA homeless programs, has been a critical component in the Administration’s efforts to end homelessness among Veterans.

Unfortunately, certain statutory limitations have prevented Indian tribes and tribally designated housing entities (TDHEs) from being eligible to administer these vouchers to assist Native American Veterans on tribal lands. However, with the recently enacted Consolidated and Further Continuing Appropriations Act of 2015, the Department is authorized for the first time to set aside funding for HUD-VASH in Indian Country. Funding under the program must be awarded based on need, administrative capacity, and other funding criteria established by the Department.

The law also directs HUD to coordinate with Indian tribes, TDHEs, and other appropriate tribal organizations on the design of this program, and to ensure the effective delivery of housing assistance and supportive services to Native American Veterans. Finally, it also authorizes HUD to make appropriate adjustments to the HUD-VASH model, and to waive or specify alternative requirements for any provision of any statute or regulation that it administers. HUD may issue these waivers or alternative requirements if it finds that they are necessary for the effective delivery and administration of rental assistance under the program.

In accordance with HUD’s Government-to-Government Tribal Consultation Policy, the Department, with this letter, is seeking your input on this program. Please consider the following issues as you form your response:

1. As prescribed by law, this funding will be awarded based on need. HUD is considering using data from the Department of Veterans Affairs and the U.S. Census Bureau to determine need. Are there other data sets to consider in determining need?
2. HUD may establish other criteria for awarding funds. What other funding criteria should HUD consider when making awards?

3. How should tenant-based rental assistance be used in this program? How should project-based rental assistance be used in this program?

4. How can HUD target assistance under this program in a way that encourages the creation of new housing?

5. What rent structure should be used for rental units assisted by HUD-VASH: local fair market rents, (FMR), unit operating costs, or other indicators of rent?

6. Does your tribe currently work together with local VA Medical Centers (and, if so, in what ways)? Are there obstacles that Veterans in your community face in getting treatment or care?

7. What role can the Indian Health Service (IHS), IHS-funded hospitals and clinics, and tribally funded hospitals play in assisting the VA in providing supportive services to Native Veterans?

8. What other medical providers exist in your community that currently or could potentially care for Veterans?

9. Does your tribe currently have a way to estimate the number of homeless persons (including persons at risk of being homeless) and/or Veterans in your community? If so, please provide any relevant additional information that may be helpful to the Department.

10. HUD is required by law to track HUD-VASH assistance and how it is used. How can the Department work with Indian tribes and TDHEs to track and report on this assistance?

11. What, if any, statutory and regulatory waivers should HUD issue to ensure the effective delivery and administration of assistance under this program? Are there any alternative requirements that HUD should consider? Please note that funding under this program will generally be subject to NAHASDA requirements.

12. Please outline any other challenges or opportunities you identify with a tribal HUD-VASH program.
Please submit your comments within 30 days from the date of this letter to tribalhudvashcomments@hud.gov or by postal mail to:

Nick Zolkowski
HUD - Office of Native American Programs
451 Seventh Street, SW, Room 4126
Washington, DC 20410

After receiving all comments, HUD will consider them and begin working with the VA on the design of the program. Tribal stakeholders will be kept informed, and HUD will continue its collaboration with you throughout the process. HUD is required by law to publish, by June 14, 2015, a notice in the Federal Register that establishes program requirements, and announces how Indian tribes and TDHEs can apply for funding.

HUD looks forward to receiving your comments. Thank you for your attention to this important matter and for your continued support.

Sincerely,

**Labor Secretary Thomas E. Perez** announces tribal consultation sessions for changes in employment and training grant policy:

I’m proud of the work we’ve done at the Department of Labor for tribal communities. This summer, I had the chance to visit the Cook Inlet Tribal Council in Anchorage, Alaska. They’re using grant funding awarded through the Department’s Workforce Investment Act – Indian and Native American Program to develop a “Fab Lab,” where students are using the latest advanced manufacturing tools – including a 3-D printer – to gain the skills and training they need to excel in today’s workforce. The department has provided similar funding this year to 180 other tribal nations and Native American organizations, to support innovative job training and youth programs.

I’ve also been touring the country visiting winners of our Trade Adjustment Assistance Community College and Career Training (TAACCCT) competitive grant program. These grants support partnerships between community colleges and employers to ensure that job seekers are getting the skills they need for in-demand jobs in industries like technology, health care, energy, and advanced manufacturing. And we’ve awarded more than $38 million in TAACCCT funding to tribal colleges, including $5.1 million in the latest round of funding Vice President Biden announced in September. I look forward to visiting one of the winners next year.

Social Security to Expand Field Office Hours Nationwide

Budget for Fiscal Year 2015 Allows Agency to Restore Some Service Hours

Social Security announces as a result of Congress’ approval of the fiscal year 2015 budget, the agency will expand its hours nationwide and offices will be open to the public for an additional hour on Mondays, Tuesdays, Thursdays and Fridays, effective March 16, 2015. A field office that is usually open from 9:00 a.m. to 3:00 p.m. will remain open until 4:00 p.m. Offices will continue to close to the public at noon every Wednesday so employees have time to complete current work and reduce backlogs.

“This expansion of office hours reaffirms our commitment to providing the people we serve the option of top-notch, face-to-face assistance in field offices even as we work to expand online services for those who prefer that flexibility,” said Carolyn W. Colvin, Acting Commissioner of Social Security. “The public expects and deserves world-class customer service and thanks to approved funding, I am pleased we will continue our tradition of exceptional service.”

In recent years, Social Security reduced public office hours due to congressional budget cuts, growing backlogs and staffing losses. The agency began recovery in fiscal year 2014 by replacing some field office staffing losses and providing overtime support to process critical work. With the commitment of resources in fiscal year 2015, the agency is able to restore some service hours to the public.

Most Social Security business does not require a visit to a local field office. Many services, including applying for retirement, disability and Medicare benefits; creating a my Social Security account; replacing a Medicare card; or reporting a change of address or telephone number are conveniently available anytime at www.socialsecurity.gov. Social Security also offers assistance via a toll-free number, 1-800-772-1213 (Voice) and 1-800-325-0778 (TTY). Representatives are available from 7:00 a.m. to 7:00 p.m., Monday thru Friday.

Substance Abuse and Mental Health Services Administration (SAMHSA) Grant Opportunity for Substance Abuse Treatment/Veterans Courts

Here’s a grant opportunity for tribes and tribal courts to expand substance abuse treatment capacity, including treatment of veterans. The deadline is March 27, 2015. The 47 page Request for Application can be found here on the SAMHSA website. Below are some excerpts from that document.

"Eligible applicants are tribal, state and local governments with direct involvement with the drug court, such as the Tribal Court Administrator, the Administrative Office of the Courts, the Single State Agency for Alcohol and Drug Abuse, the designated State Drug Court Coordinator, or local governmental unit such as county or city agency, federally recognized American Indian/Alaska Native (AI/AN) tribes and tribal organizations, individual adult treatment drug courts, and family dependency treatment drug courts. For the purposes of this RFA, eligible adult drug court models include Tribal Healing to Wellness Courts, Driving While Intoxicated (DWI)/Driving Under the Influence (DUI) Courts, Co-Occurring Drug and Mental Health Treatment Courts, Veterans Treatment Courts, and Municipal Drug Courts that adhere to the drug court 10 key components.

Eligible Family Drug Court Programs provide services to parents with substance use disorders or substance use and co-occurring mental health disorders involved with the family dependency court as a result of child abuse and neglect issues. The programs should provide services to the children of the parents in the program as well as to the parents.

Over two million men and women have been deployed to serve in support of overseas contingency operations, including Operation Enduring Freedom, Operation Iraqi Freedom and Operation New Dawn. Individuals returning from Iraq and Afghanistan are at increased risk for suffering post-traumatic stress and other related disorders. Experts estimate that up to one-third of returning veterans will need mental health and/or substance abuse treatment and related services. In addition, the family members of returning veterans have an increased need for related support services. To address these concerns, SAMHSA strongly encourages all applicants to consider the unique needs of returning veterans and their families in developing their proposed project and consider prioritizing this population for services where appropriate.”

Army Creates Webpage to Upgrade “Bad Paper” Discharges

Here’s an article by Kevin C. Miller which originally ran in Swords to Plowshares

The Army Review Board Agency (ARBA) has launched a special webpage to assist veterans seeking to upgrade a “Bad Paper” Discharge related to behavior problems caused by post-traumatic stress disorder (PTSD). Instead of being treated for their PTSD, many servicemembers are wrongfully discharged as a result of minor infractions or “misconduct” resulting from mental health issues. When a servicemember receives a less-than-honorable discharge, the results can be devastating. Servicemembers with other than honorable (OTH) discharges are ineligible to receive healthcare at the VA and therefore unable to seek treatment. Nor can they access VA disability compensation and pension, education benefits, or homeless services.

In 1979, Swords to Plowshares won its first case on PTSD. Since then, we have tirelessly advocated that justice should be restored for all former servicemembers who suffer from this affliction. The ARBA webpage provides information and applications on how to seek an upgrade to a discharge from military service. It can be found here. This resource is available only to individuals who have a discharge status of “other than honorable” and have served in the U.S. Army. Due to the number of applications and complexity of the cases, it may take up to 12 months to receive notification of a decision.

If you’re an Army veteran with an “other than honorable” discharge, we recommend that you take a look at our Self-Help Materials on Upgrading your Discharge or contact a VA-accredited attorney that specializes in discharge upgrades to help guide you through the process.

Father Mentoring Grant

U.S. Department of Justice
Office of Justice Programs
Office of Juvenile Justice and Delinquency Prevention

The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office of Juvenile Justice and Delinquency Prevention (OJJDP) is seeking applications for the Second Chance Act Strengthening Relationships Between Young Fathers and Their Children Reentry Mentoring Project. This program furthers the Department’s mission by supporting efforts to reduce recidivism and improve outcomes for young fathers returning to their families and communities.

OJJDP FY 2015 Second Chance Act Strengthening Relationships Between Young Fathers and Their Children: A Reentry Mentoring Project

Eligibility

Eligible applicants are limited to nonprofit organizations (including faith-based, tribal, and community nonprofit organizations) and federally recognized Indian tribes.

Applicants must submit letters of support or memoranda of understanding with juvenile justice or adult correctional agencies that oversee the reentry process for young fathers (younger than 25 years old). Applicants may choose to partner with other community-based agencies to provide some reentry services, including the mentoring component. However, one eligible entity must be the applicant and the others must be proposed as subrecipients. The applicant must be the entity with primary responsibility for administering the funding and managing the entire project. OJJDP will consider only one application per lead applicant; however, subrecipients may be part of multiple proposals.

OJJDP may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.

For additional eligibility information, see Section C. Eligibility Information.

Deadline

Applicants must register with Grants.gov prior to submitting an application. OJP encourages applicants to register several weeks before the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on March 2, 2015.

All applicants are encouraged to read this Important Notice: Applying for Grants in Grants.gov.
For additional information, see How To Apply in section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to support@grants.gov. Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants who experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the OJJDP contact identified below within 24 hours after the application deadline and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen Grants.gov Technical Issues” in the How To Apply section.

For assistance with any other requirements of this solicitation, contact the Response Center by telephone at 800-851-3420, by e-mail at responsecenter@ncjrs.gov, or by Web Chat at https://webcontact.ncjrs.gov/ncjchat/chat.jsp.

Arizona is home to more than 625,000 service members, veterans & their families.

How do we ensure there is no wrong door and no wrong person for them to connect to resources?

Arizona’s Military/Veteran Resource Navigators!

“The Resource Connection Guide is the best tool I have ever seen for helping service members, veterans & families.”

“This training is exactly what we need for our community.”

“I’ve worked in this field for a long time, and I learned so many new things today.”

—Navigation Training Participants

Resource Navigators are members of our community who are trained to connect service members, veterans & family members to the array of available resources. Navigator training includes:

• How to use the Resource Connection Guide.
• Key factors that may affect a person or family’s access to resources.
• Navigation strategies.
• How to link into the military/veteran community to find resources to address a range of issues, including:

- Employment
- Benefits
- Health
- Housing & Homelessness
- Legal
- Mental Health
- Physical Health
- Spirituality

Resource Navigation training is 4 or 8 hours long. Navigators are trained on the guide and the process, and also connected into Arizona’s Military/Veteran Resource Network.

Who can become a Resource Navigator? Anyone who wants to be a part of ensuring no wrong door and no wrong person for Arizona’s service members, veterans & families!

Walking with Saint Francis Retreat
The Journey of a Wounded Warrior

For Veterans and Active Duty Service Members
Friday - Sunday, February 6 - 8, 2015

This retreat for veterans is designed to offer healing insights from one of the most beloved but misunderstood saints. Most people don’t know that St. Francis was a prisoner of war who faced a number of hardships and challenges before having a profound religious experience. In unraveling the paradox of his life, we will explore how the call of the warrior intersects with the call of spirituality.

We will examine, from a different perspective, challenges confronting veterans from the life of a saint who rose from the ashes of combat to become an icon of peace. With this goal in mind, we will look at the life of St Francis through the eyes of Joseph Campbell’s *The Hero’s Journey* and Harry Moody’s *Five Stages of the Soul*.

Fee per person: $125, includes meals, program, lodging, double occupancy. (The retreat is subsidized by donations.)
Check-in Friday, 5:00-6:00 pm Dinner, 6:00 pm. Retreat concludes Sunday, 1:00 pm after lunch.

Fr. Conrad A. Targonski, O.F.M., CAPT, CHC, USN (retired) is presently the chaplain at Viterbo University in La Crosse, Wisconsin. He retired in 2010 from the Marine Corps Combat Center in 29 Palms, California where he completed his last assignment as Assistant Chief of Staff for Religious Ministries. On March 1, 2011, he accepted the position as Chaplain at Viterbo University where he continues his passion for the care and “re-setting” of returning Warriors and veterans and their families in the La Crosse area.

Greg Mastello, PhD is a psychologist at the Albany Veterans Center. New York. Since 1998 he has assisted combat veterans with their reintegration to civilian life which includes: adjustment issues, family/ marital distress, and post-traumatic stress disorder (PTSD). Greg served with the 42nd Aviation Brigade as a liaison officer in Iraq in 2005. He also served 23 years in the New York Army National Guard as a pilot, training officer, and psychologist.

Sister Kathleen Oshelt, O.S.F. is a member of Sisters of St. Francis of the Neumann Communities. Sr. Kathleen lives in a Franciscan Hermitage with three other sisters in Fayetteville, New York. Their lifestyle is a contemporary adaptation of the Disciplines of Solitude written by St. Francis of Assisi. She is founder and Past Executive Director of Francis House (housing for terminally ill) and currently Project Director for Franciscan Villa Construction.

FAMILY-TO-FAMILY EDUCATION PROGRAM

NAMI Family-to-Family is a FREE, 12-session education program for family, partners, friends and significant others of adults living with mental illness. The course is designed to help all family members understand and support their loved one living with mental illness, while maintaining their own well-being. The course includes information on illnesses such as schizophrenia, bipolar disorder, major depression and other mental health conditions. Thousands of families describe the program as life-changing. The program is taught by trained teachers who are also family members and know what it is like to have a loved one living with mental illness. We think you will be pleased by how much assistance the program offers. We invite you to call for more information.
